Travel Citrus II CPAP Mask Wipes are exclusively formulated for practical and convenient every day cleaning of CPAP masks. Each towelette is individually wrapped and comes boxed as a 12 pack.

"Improving America's Quality of Life"

Gecko™ Nasal Pad

Price: \$24.00 + S&H

Product ID: Small: CP61914 Large: CP61915

Placed across the nasal bridge under your mask, Gecko is a soft gel strip that may help reduce skin breakdown and facial sores improve overall mask comfort minimize mask leak. For best results, replace your Gecko Nasal Pad monthly.

RemZZZs CPAP Mask Liners (30 day supply)

Price: \$24.00 + S&H

Product ID: Depends on mask model and size

RemZZZs CPAP Mask Liners provide a soft layer between the face and CPAP mask. Made from a special blend of natural cotton fibers, RemZZZs prevent leaks and irritation while absorbing facial oils and moisture.

Respironics Insulated Fleece Hose Cover

Price: \$16.00 + S&H

The insulated tubing is made of very soft fleece material on the outside and a nylon material on the inside. The tubing slides over a 6 foot CPAP hose and fastens with a nylon cord and Velcro.

For anyone using a heated humidifier, the tube insulates the hose from the cooler ambient room air, reducing condensation within the hose.

Universal Portable Battery Pack (Respironics)

Price: \$384.00 + S&H

Product ID: 1028869

The Universal Portable Battery Pack and DC Power Accessories are specifically designed for use with a wide range of our respiratory and sleep-related devices.

At 14 pounds, this rechargeable battery is lighter and more compact than traditional gel cell, marine-type batteries that can weigh as much as 50 pounds. The Universal Portable Battery Pack has a 14.4 amp / hour rating and it comes with a one-year warranty.

Shielded DC Cord

Price: \$29.00 + S&H

Product ID: 1097568 (for the new "60" Series) / 1001956 (for older models)

The Shielded DC Cord can be used to operate Respironics CPAP or BIPAP systems when AC power is not available. The cord plugs into the Universal Battery Pack or a standard cigarette lighter socket found in most vehicles.

DC Battery Adapter Cable

Price: \$26.00 + S&H

Product ID: 532209

The DC Battery Adapter Cable, when connected to either the DC Interface Module or the Shielded DC Cord, enables Respironics CPAP and BiPAP systems to operate from a 12-volt DC, deep cycle marine-type battery.
