

Respironics Travel Battery Kit

Price: \$449.00 + Free Shipping

Product ID: #1124009

The Respironics Travel Battery Kit is designed for DreamStation and System One CPAP machines. At 2.25 pounds, this rechargeable battery is light and compact and lasts more than 14 hours (based on 10 cmH₂O pressure or less without heated humidifier or heated tubing) and it comes with a six-month warranty. More Information is at www.usa.philips.com

Shielded DC Cord for DreamStation™ CPAP

Price: \$29.95 + S&H

Product ID: #1120746

(#1097568 for the PRI “60” Series) / #1001956 for older models)

The Shielded DC Cord can be used to operate Respironics DreamStation CPAP or BIPAP systems when AC power is not available. The cord plugs into a cigarette lighter style 12 volt outlet found in most vehicles.

DC Battery Adapter Cable (for deep-cycle battery)

Price: \$26.00 + S&H

Product ID: #532209

The DC Battery Adapter Cable, when connected to either the DC Interface Module or the Shielded DC Cord, enables Respironics CPAP and BiPAP systems to operate from a 12-volt DC, deep cycle marine-type battery.

Resmed Power Station 2

Price: \$719.00 + Free Shipping

Product ID: #249009

No outlet? No problem. Go everywhere with your sleep therapy. The RPS II is an all-in-one pack that provides power to ResMed ventilators and sleep therapy devices. Great for boating, camping, flying or when there is a power outage.

Features:

- Weighs only two lbs. and is easily transported in the RPS II carry bag
- Provides up to 13 hours of run time on a single charge
- An external long-life, lithium-ion battery
- Can be charged to greater than 95% in less than four hours

ResMed DC Converter For The AirSense™ 10 & AirCurve™ 10 Machines

Price: \$89.00 + S&H

Product ID: #37297

The Air10™ DC/DC converter 24V/90W output can be used to run your AirSense™ 10 or AirCurve™ 10 therapy device, or your Lumis™ ventilator, from a 12V or 24V DC power source, such as your car or boat battery. As well as powering your device, this converter will power your HumidAir™ heated humidifier and ClimateLineAir™ heated tubing. It gives you the freedom to travel off the beaten path but maintain the same level of comfort and security you enjoy at home.

**FREEDOM™ CPAP BATTERY KIT
FOR RESMED AIRSENSE 10 and S9
BPS FD.1.RES**

Price: \$329.95 + Free Shipping

INCLUDES:

- Freedom™ CPAP Battery Kit (BPS FD.1.KIT) \$269.95
- 24V Power Converter (BPS C-24V-RES) \$67.95

The Freedom™ CPAP Battery gives you the freedom to power your PAP device when and where you need it!

The Freedom™ is the perfect solution for outdoor and travel enthusiasts. It's great for use in tents, RVs, travel trailers, and boats. It's also ideal for those who love to travel abroad as it meets FAA requirements for lithium-ion batteries that can be taken in carry-on baggage.

When inclement weather strikes you can use the Freedom™ CPAP Battery as a backup power supply during power outages so you never have to worry about another sleepless night without your CPAP machine.

**FREEDOM™ CPAP BATTERY KIT
FOR RESMED AIRSENSE 10 and S9
BPS FD.1.RES**

Price: \$329.95 + Free Shipping

INCLUDES:

- Freedom™ CPAP Battery Kit (BPS FD.1.KIT) \$269.95
- 24V Power Converter (BPS C-24V-RES) \$67.95

Battery Power Solutions' 24V Power Converter was specifically designed for use with both ResMed Air 10 and S9 series PAP devices and the Freedom™ CPAP Battery.

The ResMed 24V Power Converter includes the converter box and labeled output cords to fit Air 10 and S9 series devices. The simple connection provides a clean, efficient conversion from 12V to 24V direct current allowing you to power your ResMed Air 10 or S9 Series device with the Freedom™ CPAP Battery.
